8104980970 | <https://github.com/pranavcoder7-ops> | Navi Mumbai

PROFESSIONAL SUMMARY

Motivated BSc IT student with strong foundations in Python, Object-Oriented Programming, backend development concepts. Skilled in developing small-scale applications, debugging programs, and working with tools like VS Code, GIT, and Google Colab. Familiar with problem-solving techniques. Quick learner with strong teamwork, communication, and analytical skills, seeking opportunities in backend development roles.

EDUCATION

MGM's college of CS and IT, Kamothe

July 2025 - May 2028

Currently pursuing undergraduate studies focused on Information Technology, programming, and data analysis

SSC (10th Grade) M.E.S. Dyanmandir Kalamboli |

July 2021- April 2022

- Percentage: 72.60

HSC (12th Grade) – Science Stream

July 2024- March 2025

- Sushma Patil Vidyalaya and Junior College
 - Percentage: 62.00
-

PROJECTS

Secure-Doc Connect: -Online Document Submission System

Technologies: Python, Flask, Postman, HTML, CSS

- Developed a web-based platform that digitized the document submission process for PAN, Aadhaar, and certificate-related services, eliminating the need for physical visits.
- Implemented secure OTP-based user authentication, online document upload, payment processing, and real-time application status tracking.
- Designed and integrated an admin dashboard to manage customer requests, verify submitted documents, and monitor service workflows.
- Built RESTful APIs using Flask and managed application data using MySQL to ensure secure and efficient data handling.
- Improved operational efficiency by streamlining document collection, verification, and service request management through a centralized system.

TECHNICAL SKILLS

- **Programming Languages:** Python
 - **Core Concepts:** Object-Oriented Programming (OOP)
 - **Backend Development:** CRUD Operations, Backend Logic
 - **Database:** Basic SQL, DBMS
 - **Tools & Platforms:** VS Code, Google Colab, Git (Basic), GitHub
 - **Soft Skills:** Teamwork, Communication, Analytical Thinking
